Iron age A: Malvernian ware, hand-made

5th century BC to 1st century AD. The Malvernian industry was based around the Malvern Hills. From the mid-1st millennium BC it produced various very coarse, hand-made jars. Malvernian ware pottery is found in the Marches, Gloucestershire and South Wales. It has angular inclusions of metamorphic rock, most commonly quartz, pink and white feldspar and hornblende.^{1,2}

Forms
Coarse jars
Recovered from excavations outside Kenchester (Magnis) in 1977 - 1979.³
